

Award Winning Dorset Ice Cream

New Flavours for 2011

The Purbeck Ice Cream team have been mixing, measuring and swirling some innovative new concoctions for 2011 to join the existing portfolio of entirely natural, farm made, great British and Multi Award Winning ice creams and sorbets made on the farm with fun, love and passion.

New this year is Tiramisu ~ a delicious combination of fresh milk and thick double cream blended together with intense Italian sponge soaked in Marsala wine creating a rich and satisfying experience that is smooth, silky and extremely tasty!

Another inspirational new flavour this year is the delectable Banoffee Ripple made with rich and creamy banana ice cream laced with lashings of posh toffee / dulce de leche ripple sauce. The two flavours naturally compliment one another providing the perfect balance in taste and quality.

In the Spice Rack we introduce two exotic new flavours to the range of Cardamom and Beetroot & Horseradish. Cardamom has a strong, unique taste, with an intensely aromatic, resinous fragrance perfect for serving alone or as an accompanying dish ~ particularly good served alongside favourite curry.

Beetroot & Horseradish was born from an idea from Julie Cohen – the acclaimed author of 'Getting Away With It' which is a novel about identical twins who make ice cream. One twin suggests making Beetroot & Horseradish as rather a joke but later decides to concoct it and find it is quite palatable – we have too and find it delectable served with a sumptuous chocolate desert or with roast beef!

Joining the Sorbets we introduce Joe's Cider Sorbet ~ A mouth watering taste experience with zero food miles using the cider made by second son Joe with Dorset apples gathered from the farm including Golden Balls, Brown Snout and our very own favourite apple tree ~ Slack Ma Girdle!

All Purbeck Ice Cream and Sorbet is made on the Dorset farm overlooking Corfe Castle in the rolling hills of Purbeck by a dedicated, small and friendly team using local fresh milk and thick double cream and only the very best natural ingredients with no artificial additives, no gluten, GMO's, eggs no added colours or nuts and everything is suitable for veggies!

Don't delay. enjoy today!
