

Frozen Pur-fection

The most essential product to stock, indulge in and enjoy for 2009 has to be Purbeck Ice Cream!

Made on the farm in the rolling hills of Purbeck using local fresh milk, Dorset double cream and an abundance of delicious flavours, the ice creams are entirely natural with no added natural colours, no GMO's, eggs, gluten or nuts, plus they are suitable for vegetarians.

Flavours are available in both traditional and innovative supplied to food service eateries, scooping outlets, and independent retail food shops and delis.

Ethically led, the team is committed not only to making great ice cream, but also to improving and sustaining the beautiful countryside around us. It sources locally with 80% of everything from within Purbeck, Dorset, or the UK, only going outside of these areas if something doesn't grow in the British climate!

For further details T. 01929 480090, email admin@purbeckicecream.co.uk, or visit www.purbeckicecream.co.uk
